## SUMMARY

---

Motivated full-stack software developer with experience in team collaboration and goal-oriented environments. Possess a strong work ethic. Excited to utilize technical abilities to create sustainable solutions.

## TECHNICAL SKILLS

---

Java, HTML, CSS, JavaScript, Spring Boot, Vue.js, JDBC, Table Design, SQL, PostgreSQL, E/R diagrams, Agile, Unit Testing (JUnit), Integration Testing, Git, IntelliJ, AWS, C#

## TECHNICAL EXPERIENCE

---

### Lex Events Backend

- Developed backend for event-sharing web app with full CRUD API and JWT-based auth; utilized Java, Spring Boot, Spring Data JPA, and PostgreSQL

### Lex Events Frontend

- Built event-sharing frontend using React and Tailwind CSS with dynamic routing and form validation.

### Store Products Web Page

- Created single page web app for store front with user interactivity such as searching product by name, adding product to cart, showing product details using Vue.js, HTML, CSS, JavaScript

### Product API

- Created an application for a store where user can search for products and apply CRUD operations; Utilized Java, PostgreSQL, Spring Boot, Spring Security and Spring Data JDBC, Maven, Postman.

### Car Inventory

- Designed a system to manage car inventory using C#, ASP.NET Core, Entity Framework Core, Blazor where a user can read inventory data or change those by adding, modifying, or deleting.

## PROFESSIONAL EXPERIENCE

---

**Amazon Fulfillment Center** | Lexington, KY

Jan '11 - Present

### Associate

- Processed 3000+ items in Amazon Reverse Logistics, ensuring efficiency and accuracy in inventory.
- Evaluated and tested 1000+ digital devices, assessing functionality and quality for resale or recycling.
- Collaborated with team of 20 to prepare and organize thousands of books and media for distribution.
- Thrived in goal-oriented, high-pressure environment, meeting targets and deadlines consistently.

## EDUCATION

---

### Tech Elevator

Mar '25

*Full-stack bootcamp designing software systems and solutions with 800+ hours of education and application*

### Code You

Aug '24

*Software Development With C#*

**Correlation One**

Nov '23

*Cloud Support Specialist*

**Bluegrass Community and Technical College**

May '18

*Associate in Applied Science, Computer and Information Technologies*
